## *From the Desk of Coach Nicole*

2022 was a big year for Complete Equestrian. It is with excitement that we announce to you that we are expanding our already far-reaching programs. In 2023, we will begin offering therapeutic riding programs!

In addition to offering scholarships to at risk and under privileged youth in our vaulting programs, we are expanding our scholarship program into therapeutic riding. We will have Path Certified instruction for both emotional and physical needs in therapeutic riding. Our goals are to bring the same positive equestrian experience to our community in both vaulting and riding programs.

Our competitive vaulting team also had a very exciting year, as we are proud to tell you that we came home AVA National champions in C Team, B Team and Open 2 Phase Team. We were also top 7 in both Women's Bronze and Copper Divisions. It is with tremendous gratitude that we thank each donor, sponsor, coach, parent and volunteer that has walked by our side to make these accomplishments possible.

As I look toward the upcoming year, I am both humbled and excited. I am humbled to have the opportunity to serve our community in the capacity that we are able. I am excited to expand our programs in such a way to reach a greater need. Beyond all, I am grateful. Grateful to each person who walks alongside our programs to serve, improve, support and guide us to be the best version we can be. I pray that 2023 allows many blessings upon you always.

*- Nicole Rau, Head Coach/Owner*
